Government Director,
Industrial Concerns

Bangalore, dated 23rd May 1944.

To

The Secretary to Government,
Development Department,
Bangalore.

Sir,

I have the honour to state that the General Manager, Government Industrial & Testing Laboratory reports that Import licenses for the marginally mentioned raw materials are just now received, and requests the sanction of Government for the purchase of these articles.

1. Import License No.38656
Cod Liver Oil - 5 tons
Approx.Value. Rs.11,200/-.

2. Import License No.31052
Essential Oils - 224 lbs.
Approx. Value Rs.4280/-

He has intimated that the Laboratory had completely run out of stocks of Cod Liver Oil for some time past and had actually suspended the manufacture of the very popular and widely demanded specialities like Malt extract with C.L.O., Jecoral, etc., The General Manager further reports that all attempts to substitute Cod Liver Oil with Shark Liver Oil were fruitless as the latter was not available in the market in sufficiently large quantities and the preparations were not palatable. The Essential oils are required for both specialities and official preparations. The General Manager has intimated that although some of these Essential Oils are available in India the prices are prohibitive, and prefers to purchase them from foreign sources. The value indicated above is only approximate and the actual cost can be known only after the materials are received.

The Import Licenses are reported to be valid

valid up to the end of June 1944. I request you kindly to obtain the very early sanction of Government for the purchase of the above noted Essential Raw Materials, after which the Secretary, Stores Purchase Committee will be advised to place open orders by cable with the Trade Commissioner in London.

I have the honourto be
Sir,
Your most obedient servant,

Government Director,
Industrial Concerns.
